

SEP -1 1989

Mr. John J. Langan, Jr.
De Cotiis & Pinto
401 Hackensack Avenue
Hackensack, N.J. 07601

Dear Mr. Langan:

This letter is a follow up to your letters of June 22 and July 28, 1989 concerning the Superfund activities at the Scientific Chemical Processing Site in Carlstadt, N.J. Janet Feldstein, Enforcement Project Manager, has tried to reach you by phone numerous times. I also called you once and left a message. So far, we have not heard from you.

Ms. Feldstein is anxious to speak with you in order to give you an update on the status of our activities at the site. For your information, the Remedial Investigation and Feasibility Study Reports are nearing completion. We expect to have these reports completed in the near future. At that time, we will make them public through our public participation process.

For additional information concerning documents, site activities, etc., please call Janet Feldstein at (212)264-0613.

We appreciate your interest.

Sincerely yours,

Lillian Johnson, Chief
Community Relations Staff
Office of External Programs
